A FUND FOR DEWEY

New York Times Suggests a Substantial Recognition of His Services.

NO MILLIONAIRE AFFAIR

But a Genuine National Testimonial. Appeal to the Public Through Various Publications Suggested—Believed That \$250,000 Could Easily Be Raised and Placed on Deposit.

New York, May 13.—The New York Times, in an editorial, entitled "What Shall We Do For Dewey?" says: "What shall we do for the man who has done so much for us? That is the question which has for a long time been agitating the American people. It is quite true that, according to our precedents, we have not been niggardly in recognition of the great services of 'Commodore' Dewey, as he was a year ago. But there is a persistent and prevailing feeling that we ought to do more; that the American nation, in some unofficial and spontaneous way, should recognize the services of Dewey as the British nation officially recognized the services of Wellington, when it presented him with the estate of Stratfield. Evidently it will not do to make any 'exclusive' acknowledgement of the services of an American hero to whom all Americans feel equal? grateful. Evidently it will not do to exclude from the national testimonial to the admiral any American citizen who desires to bear his part in it. Why not appeal directly to the public through its immediate organs and agents, the newspapers which get their living by representing sentiments? There are some 20,000 periodicals in the United States which are entitled to transmission as such through the mails. Among them are 2,119 daily papers, which represent, most immediately and most accurately, the sentiment of the United States. Let us assume that only one-fourth of these are in a position to act as collecting and distributing agents for a national Dewey testimonial and that each one of these 500 is willing to pledge itself to the collection from its readers and the transmission, to the appointed trustees, of the sum of \$500 for that fund. Surely this estimate is moderate enough, and surely the amount of each individual subscription, which must strictly be fixed and limited, is moderate enough to prevent any newspaper from exploiting the admiral for the purpose of advertising itself. And yet the aggregate of these subscriptions would be \$250,000. Half of this should go to the erection of a residence for the admiral in whatever place in the United States he might prefer to put it and the other half for his personal use.

"This would be a truly national and popular subscription. The admiral would not be at liberty to refuse it, since it would not be the creation of an obligation on his part, but only the recognition of an obligation on the part of the nation. He would not be able to refuse it if the whole amount were deposited, as it could and should be deposited, subject to his order, before his arrival upon his native shores.

"The president of the United States, the secretary of state and the secretary of the treasury would be appropriate custodians of the fund, and their willingness to assume its custody may be taken for granted."

DEWEY'S HEALTH.

Cablegram Received From Him Indicates It Is Not the Best.

Chicago, May 13.—Judging from a cablegram received yesterday from Admiral Dewey his health, despite medical assurance to the contrary, is none of the best.

No joy or pleasure on this earth quite equals that which comes into the home when baby arrives. Who can describe the happiness of man and woman, joined in wedlock, as they look upon the fragile, delicate mite that is blood of their blood

and flesh of their flesh? And who can depict the hopelessness and dejection that hover about the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organs. Many of the common ailments known as "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

Mrs. James W. Blacker, of 62 Catherine St., Syracuse, N. Y., writes: "Your medicine has done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' I have much better health, and now I have a fine healthy baby."

For 21 one-cent stamps to cover cost of mailing only, you can get a free copy of this celebrated doctor book, the Common Sense Medical Adviser, 1008 pages, illustrated. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

best, and to this fact is due his probable return by way of the Suez canal instead of the Pacific coast route. The message is as follows:

Illinois Manufacturers' Association: Many thanks. Impossible to accept invitation now. Condition of health necessitates rest and quiet.

DEWEY.

The cablegram was in reply to one sent by the association asking the admiral to become its guest upon his return to this country and strongly urging upon him the advisability of coming by way of San Francisco across the continent.

ST. LOUIS

Wants a Southern and Northern Veterans' Reunion In That City.

St. Louis, May 13.—A movement is on foot to have southern and northern veterans of the civil war hold a general reunion in this city some time, to be decided on later. It is also suggested that the Sons of Veterans of both the north and south also meet here at the same time.

To that end George Dolton, commanding the Comrades of the Battlefield, wrote on March 11 to the mayors of Philadelphia, Chicago, New York, Boston and Cincinnati, suggesting that they put this movement on foot in their cities.

General J. B. Gordon, commander of the confederate veterans, was written regarding the matter and replied that he strongly favored it.

As yet only one mayor, that of Philadelphia, he replied to Mr. Dolton's letter, favoring the plan.

LAUL ONLY TEMPORARY.

London, May 13.—The Saturday Review claims to have particular information to the effect that the present lull in Spain will be short-lived, and that Don Carlos will soon submit his fortunes to a final issue.

SERIOUS WRECK

Express and Excursion Trains Collide—Twenty-Five Killed.

Reading, Pa., May 13.—About 10 o'clock last night a collision occurred on the Philadelphia and Reading railroad at Exeter Station, six miles below Reading, between an express and an excursion train. Twenty-five people were killed and 50 injured. United States Senator Boies Penrose was a passenger on the Pullman car of the express. The rear end of the car was crushed, but the senator, though badly shaken up, was uninjured.

HAVANA NEWS

Investigating Bandit Raids—Difficulty In Securing Evidence.

Havana, May 13.—The official inquiry into the recent bandit raid at Calimete, where two men were killed, has been completed. It appears that a Cuban general, whose name the authorities decline to disclose at present, had expressed a desire a few days before the raid to billet 25 of his men on the village. But the townspeople protested, threatening to inform the Americans, and the general concerned is supposed to have instigated the raid as a punishment and example to other villages afflicted by having to quarter Cuban soldiers. Governor General Brooke's agents had considerable difficulty in getting at the facts of the case, owing to the timidity of those who knew them, and the testimony is even yet insufficient to form the basis of a prosecution.

The detectives found 450 Mausers, 900 Remingtons, 40 Winchester and 300,000 cartridges yesterday in the hardware store of Enrique Guerau, who holds a letter from Major General Ludlow, dated in February last, authorizing him to handle "sporting arms."

The authorities consider the number found excessive, and the detectives say the same concern has purchased quantities of arms stored at Cienfuegos. The theory is that possibly Guerau's establishment is one source of supply looked to by purchasers of arms of Colombia.

The extraordinary heavy proportion of meat, the freshness of vegetables and the absence of fruit make the army ration not the most suitable tropical diet. The company cooks by commutating part of the ration and buying other things are doing fairly well, but army officers recognize that the statutory ration can be and should be improved.

General Brooke has appointed a board, composed of Colonel Haskin, Chief Surgeon O'Reilly and Chief Commissary Smith, to meet next Monday for an inquiry into the matter, with instructions to report as soon as practicable.

El Independiente complains of the secrecy of what it calls "legislation by decree," asserting that the people are those most interested in the administration and that the advice of their representatives should be asked before important steps are taken. As it is now, Cubans get their first knowledge through decrees of action affecting frequently millions of dollars.

Visiting Natural Bridge.

Hot Springs, Va., May 13.—The presidential party broke its visit here this morning by a trip to Natural Bridge, Va. The president rested quietly yesterday, only taking a walk about the roadways with Secretary Gage. Official business has been very light, the signing of some commissions for postmasters and army promotions being the extent of these duties.

Officiated at a London Function.

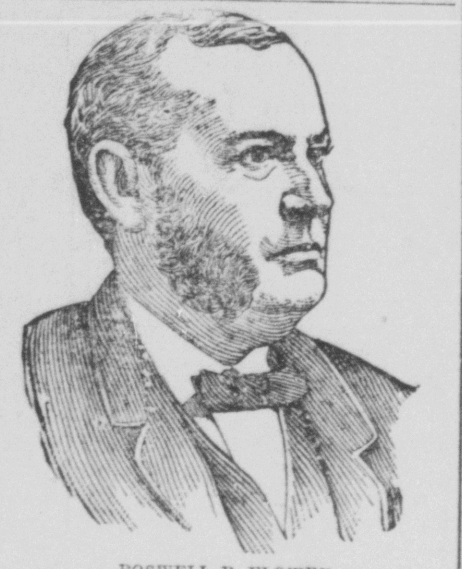

London, May 13.—Mrs. Joseph Choate, wife of United States Ambassador Choate, officiated for the first time at a public function yesterday afternoon, opening the amateur art exhibition at Cromwell House in the presence of a distinguished company. The exhibitors include many people prominent in society. The proceeds will be devoted to charity.

ROSWELL P. FLOWER

Death of the Former Governor of New York Late Last Night.

New York, May 13.—Former Governor Roswell P. Flower died last night at 10:30 at the Eastport Country club at Eastport, L. I.

Mr. Flower was taken ill early in the day with a severe attack of acute indigestion. In the afternoon symptoms of heart failure supervened and he grew steadily worse until the time of his death. The attack of heart failure was

accompanied by a fainting spell and Mr. Flower's family in New York were quickly notified. Mrs. Flower and the former governor's nephew, Frederick S. Flower, accompanied by Dr. Thomas H. Allen, Mr. Flower's physician, left on a special train for Eastport. When they arrived there Mr. Flower had somewhat recovered, but later the attack of heart failure was marked, and Mr. Flower became unconscious an hour or more before his death.

Roswell Pettibone Flower was born in Theresa, Jefferson county, N. Y., Aug. 7, 1833. Mr. Flower always was a Democrat. In the early 70s he helped Samuel J. Tilden to develop the famous organization which exposed Tweed, and enjoyed many other triumphs.

Mr. Flower was chosen chairman of the Democratic state committee in 1877, and in 1881 he defeated William Waldorf Astor for congress, after a hot campaign. In the Eleventh district. His majority was 3,100, while Levi P. Morton, Republican, had carried it at the last previous election by more than 7,000 votes. He refused a renomination. He was elected governor of the state in 1891.

Mr. Flower married Sarah M. Woodruff of Watertown Dec. 26, 1859. Three children were born, of whom only one survives.

BOLD ROBBERY

One of the Thieves Killed and Others Were Captured.

Bryan, O., May 13.—A bold daylight robbery occurred here late yesterday. Three tramps entered the living apartments in the rear of W. H. Riley's harness shop while two others emptied the safe in the office of about \$50. They were discovered and the authorities overtook them a short distance out of town, but they refused to surrender, and a fight ensued. Marshal Heidley fired at one of the men with the intention of disabling him, but his aim was too true, the bullet lodging in the robber's head, killing him instantly. The other robbers were captured and brought back to town.

Gold Democrat Appointed.

Washington, May 13.—Director of the Census Merriam, at the request of President McKinley, will appoint General Americus V. Rice of Lima, O., purchasing agent of the census bureau. General Rice is a Gold Democrat, and for four years was pension agent at Columbus, retiring two years ago.

Wages Increased.

Pittsburg, May 13.—Puddlers who are members of the Amalgamated Association of Iron, Steel and Tin workers will receive during May and June an advance of 25 cents per ton over the wages they have been receiving. Finishers and hoop mill workers will receive an advance of 2 per cent.

HEADACHE

is only a symptom—not a disease. So are Backache, Nervousness, Dizziness and the Blues. They all come from an unhealthy state of the menstrual organs. If you suffer from any of these symptoms—if you feel tired and languid in the morning and wish you could lie in bed another hour or two—if there is a bad taste in the mouth, and no appetite—if there is pain in the side, back or abdomen—BRADFIELD'S FEMALE REGULATOR will bring about a sure cure. The doctor may call your trouble some high-sounding Latin name, but never mind the name. The trouble is in the menstrual organs, and Bradfield's Female Regulator will restore you to health and regulate the menses like clockwork.

Sold by druggists for \$1 a bottle. A free illustrated book will be sent to any woman who frequently mails to THE BRADFIELD REGULATOR CO., ATLANTA, GA.

EXTRA SESSION TALK

Decided Opposition From Those Opposed to Financial Legislation.

REFORMERS OF CURRENCY

Are Thought to Be Asking Too Much in Urging an Early Meeting of Congress—Don't Want the Administration's Philippine Policy Retarded by Debate.

Washington, May 13.—There is a decided opposition to an extra session among those who are opposed to financial legislation. The efforts of the Indianapolis monetary commission for an early session have aroused considerable antagonism among western men. This is not because the president's recommendations are not favored in the west, but for the reason that the Indianapolis currency reformers are thought to be asking too much. It is argued that their anxiety for advanced currency reform will precipitate the silver question on congress with annoying results in many districts, and that it will be better to avoid the hastening of this exciting controversy.

Another element is opposed to having the operations of the administration embarrassed by interference in the Philippine campaign and in the pacification of Cuba. When congress meets a conflict is looked for between the expansionists and antexpansionists, and the subjugation of the Philippines will, it is said, be retarded instead of aided by the congressional debates.

Announcements that an agreement has been reached on the date of the extra session of congress are mere guesswork. The president does not know when he will call the Fifty-sixth congress in extraordinary session. Consequently no one else can have knowledge on the subject. President McKinley has talked with several congressmen in a way to make them understand he intended to convene congress earlier than the constitutional date of assembling. He based his intention on the need of financial legislation, on the necessity for consideration of the Philippine situation and on the necessity of making up for the delay in electing a speaker and the arrangement of house committees.

PLEA FOR MATAAFA

Late Municipal Magistrate Sends a Brief to Washington on Samoa.

Washington, May 13.—A special plea for the cause of Mataafa has been received at the embassies in Washington interested in the Samoan question from a rather peculiar source, namely William Cooper, late municipal magistrate of Apia, and a person believed to be a British subject living in Auckland, N. Z. Mr. Cooper's brief, which is printed, presents not only the law in the case of the king's succession, but also shows an intimate acquaintance with the people and customs of Samoa. Mr. Cooper regards the situation as one of extreme gravity. He says that the powers have to deal with this dilemma:

That if they undertake to enforce the decision of Chief Justice Chambers seating Tanus, all previous scenes of bloodshed will be eclipsed, while if they fail to enforce the decision the court will be flouted with impunity.

Mr. Cooper's brief refers to the pledge given by Mataafa upon his return not to interfere in the government, and also to his intimate relations with the German government. He says the present situation is insufferable and there must be extensive modifications of the treaty, in view of the fact that annexation of the islands by any one of the powers is improbable.

ADMIRAL WATSON

Sails Next Week to Take Command of the Fleet at Manila.

Washington, May 13.—Admiral Watson will sail from San Francisco next Tuesday as a passenger on one of the regular Pacific mail steamships, but cannot possibly reach Manila before the middle of June. Orders have been issued placing Captain A. S. Barker in command of the Asiatic squadron after Admiral Dewey's departure from Manila, which is expected to take place in a few days, until relieved by Admiral Watson. Captain Barker is now in command of the battleship Oregon, and next to Admiral Dewey is the senior officer of the station. He is an officer of ability and discretion, has served as assistant chief of bureau of navigation and was a member of the strategy board during the Spanish war.

At the close of the war he relieved Captain Clark of the command of the battleship Oregon and took that magnificent warship from New York around the horn to Balboa, Peru, and hence by way of Honolulu to Manila, where she arrived several weeks ago. As soon as relieved by Admiral Watson, Captain Barker will return to America.

Memorial Day.

Washington, May 13.—The war department has issued the usual order providing for the observance by the army of Memorial Day—May 30—at all army posts and stations, by the display of flags at half mast, a national salute and musical programme.

Can Sell on Sunday.

Washington, May 13.—Judge Kimball decided yesterday that the sale of liquors on Sunday in Washington hotels was legal under the act of 1893, which he holds was not repealed by the last law passed by the congress prohibiting such sale.

MRS. GRAY TESTIFIES

In Behalf of Her Husband In the Murder Trial at Bloomfield.

A HUNGARIAN WEDDING

Feast at Which 115 Chickens, Twenty-Five Hams and Seven Barrels of Beer Are Consumed—James P. Crawford Dead—Totally Deaf, Dumb and Blind as a Result of Fever.

Bloomfield, Ind., May 13.—In the Dr. Gray murder trial yesterday the wife of the defendant was called to the stand. In her testimony she referred to a conversation with the late Malissa Skinner, in which the Skinner woman was charged with hugging and kissing the defendant before he made any advances to her, which she did not deny. The witness found many notes written by her to the defendant, which were introduced and identified. She had known of the illicit relations existing between the Skinner woman and her husband since February, 1897. The witness detailed a conversation with the defendant in which he told her of his intense love for the Skinner woman, and his relations with her, and she also testified of his promises to break off and reform at the first opportunity. She also testified concerning his melancholy disposition and despondent acts, and that he suffered from insomnia. Various instances of strange conduct on part of the defendant were detailed by the witness, as occurring on the night preceding the tragedy. He was a habitual cigarette smoker.

SLEPT IN A BARN

An Old Soldier Nearly Killed by a Horse.

Huntington, Ind., May 13.—An aged man, wearing a blue uniform, appeared at Harter's livery barn and asked if he could sleep in the barn. He gave his name as Ira A. Goodrich, and belonged at the Soldiers' home at Marion. During the night one of the horses in the barn broke its fastenings and wandered around to the stall where the old man was asleep and nearly killed Goodrich. He walked all over him, knocked out several of his teeth, cut a great gash in his head, and also inflicted serious injuries by stepping upon his chest. He was sent to the Soldiers' home yesterday.

HUNGARIAN WEDDING.

The Guests Surely Got Enough to Eat and Drink.

South Bend, Ind., May 13.—At a wedding celebration given here by a Hungarian named Nowach, there were eaten 115 chickens, 25 large hams, two good sized calves, with bread, salads, etc., to correspond. Seven and one-half barrels of beer and great quantities of wine were also served. A Hungarian orchestra from Chicago was in attendance, and dancing continued until well into the day following the wedding.

SATURDAY, MAY 13, 1899.

The home coming of Dewey will fur-
nish an occasion for the American
people to show their love for a real
hero.

Home mechanics, home manufac-
turers, home people should be first with
all who want to be loyal to their home
city.

The democrats muster up courage
sufficient during these prosperous times
to occasionally say that the republican
party is responsible for trusts. While
the party is not responsible for these
trusts, being opposed to them in fact, it
is true that there was not much of any-
thing going on during recent democ-
ratic administrations.

It is said that the County Officers'
Association will attack the validity of
the new law creating county councils
and township advisory boards. If this
is done it will materially add to the
popularity of the reform measures.
There is a general desire to see these
laws put into effect, and we hope noth-
ing will prevent it.—Greensburg Stand-
ard.

EDWARD AKKINSON whose seditious
pamphlets were thrown out of the
United States mails at San Francisco,
thinks he has been shamefully treated.
History records the fact that during
the civil war one Clement Vallandingham
of Ohio was escorted through the
Union line that he might go to his
friends in the south. Since the conduct
of Atkinson is of the same character
as that of Vallandingham, he should
be escorted to the Philippine islands
and passed through the American lines
that he may go to his friends, the fol-
lowers of Aguinaldo.—Franklin Re-
publican.

DIED.

ROBBINS—A young man by the name
of Robbins died at the home of his
mother, Mrs. Robbins, on north Ewing
street today of consumption. He was
unmarried.

Mrs Emma Royker and Miss Emma
Greenwell of Indianapolis, went to Val-
lonia today to visit the former's father,
Frank Royker.

Annual Meeting of Bachelor Girls

Last evening the people on South
Walnut street heard sounds of music
and laughter proceeding from a wagon-
ette load of young women. These were
the Bachelor Girls on their way to their
annual meeting at the home of Miss
Emma White, south of Seymour.

As Cupid had been making such in-
roads on their number they deemed it
wise not to invite the young men, as
has formerly been their custom, so, to
insure safety, they were chaperoned by
one whom they all claim as "Auntie."

They were received and entertained
by Miss White in her own inimitable
manner. The rooms were decorated
with a profusion of flowers, the pre-
vailing colors being white and yellow.
Dainty refreshments were served and
after a very pleasant evening, the girls
returned to their homes agreeing that
all former meetings were far surpassed
by this one.

A Seymour Musical Composer.

It has not been generally known that
we have a musical composer of real
ability here in Seymour but such is the
case. Will B. Morrison has published
and has on sale two musical composi-
tions of his own, which have much
more than ordinary merit. A concert
waltz "Dance of the Sun Rays" and a
ballad, "Grant for Me this Little Favor"
are already finding favor with musi-
cians.

lege halls and large auditorium are amply

Mrs. F. R. Hale had a telegram stating that her brother, Robert Zener, of Indianapolis, died Friday of paralysis, aged 58 years. Deceased was a cousin of Mrs. John T. Foster here.

According to General Joseph Wheeler, the custom of setting apart a day for decorating the soldiers' graves had its origin among the women of his own State of Alabama. Unlike the men they would not permit their dead "quietly to become a part of general history." Under the title, "The Memory of Our Fighting Men," General Wheeler contributes to The Saturday Evening Post of May 27 a strong paper on the history and significance of Memorial Day. General Gobin, of the G. A. R., also treats a similar topic, but from a differing point of view.

Oh, the story and the glory of the fallen of the fight! Does the clamor of the captains reach their ranks all ghostly white? Nay—they rest with rusting blades. All the glory-starred brigades. And the peace of God is on them in the splendor of the light.

\$400 Specifications.

As the REPUBLICAN stated Frank B. Rea, the consulting engineer employed to make plans and specifications for an electric light plant arrived last evening to submit his work. At the request of the special committee the council was called in special session last night to hear the plans and specifications read and to adopt same. They covered about eighty type written pages and the reading consumed about three hours. The work of Mr. Rea was approved and the plans and specifications were adopted, and the clerk ordered by resolution to issue an order for \$400 in favor of Mr. Rea, which was the amount he charged for his work up to date.

The estimated cost of a plant according to the plans and specifications made is placed at \$38,000.

Uniform Bookkeeping.

The blank forms for accounts for township trustees, which Auditor Hart is required to prepare by law, have been approved and will be out the first of the week. They will be sent to all houses which furnish blanks and books to township officers. Suggestions were received from about fifty trustees in response to a letter from the auditor, and many of these suggestions have been embodied in the forms prescribed. The forms for the county officers will be out about June 1 and a uniform system of bookkeeping will then be in force in the county and township business throughout the State.

An Editor in Trouble.

A special sent out from Salem yesterday says that D. A. Jennings, editor of the Searchlight, was arrested and locked in jail, charged with drunkenness, carrying concealed weapons, assault, and wife beating, that he whipped his wife three times during the day. He was placed in jail twice during the day.

U. held April 26, a committee was appointed to consult with our newspapermen and to have the Nicholson law inserted which has been done in both papers, and also to publish the following Indiana statute: "Whoever, being over fourteen years of age, is found on the first day of the week commonly called Sunday, roiting, hunting, fishing, quarreling, at common labor, or engaged in his usual avocation (works of charity and necessity only excepted) shall be fined in any sum not more than ten nor less than one dollar; but nothing herein contained shall be construed to affect such as conscientiously observe the seventh day of the week as the Sabbath, travelers, families removing keepers of toll-bridges and toll-gates, and ferry men, acting as such."

Judgment Reversed.

A judgment for \$500, recovered by J. N. Marsh, editor of the Columbus Times, against the Pullman Palace Car Company, has been reversed by the appellate court. The suit grew out of the refusal of the Pullman conductor to honor tickets for Mr. and Mrs. Marsh and their son on the editorial trip of the Southern Indiana Press Association to the Nashville exposition.

THE MEXICAN CONSUL Gets Health in the Spring by Taking Paine's Celery Compound.

No time is so favorable as March and April for getting strong and well. A thoroughly well person eats with relish, sleeps soundly, works with zest, and without worry from morbid anxiety as to the outcome of his efforts. If you feel you are out of health, strength, and spirits; if you show signs of nervousness and exhaustion; if you have that feeling of lassitude that comes in the spring to those who are out of health; if your blood shows the usual signs of impurity—Paine's celery compound will turn you right-about-face towards health.

Enrique Guerra, the Mexican consul, has the confidence not only of his government, but of the American public. Through his intervention, many important commercial questions between the United States and Mexico have been happily adjusted.

During his long residence in this country, Mr. Guerra has lived in a circle where the best possible medical treatment is always obtainable. He early discovered that in the spring, when nature seems most willing to lend its best assistance to the sick and

feeble, his friends were using Paine's celery compound—the only spring medicine that physicians endorse, and intelligent families in every community have come to rely upon with confidence.

Mr. Guerra was not long in finding out the great reliance that is thus placed upon Paine's celery compound by the best informed people, and he was not slow in taking advantage of the great remedy himself. Here is his statement, unqualified, conclusive:

Kansas City, March 16, 1898.

"At times, when I have been seemingly exhausted from arduous work, Paine's celery compound has been of such benefit to me that it seems now I could hardly have progressed but for it. When sleep was slow in coming and my appetite flagged, a general toning up of my system followed the compound. While I am not versed in things medical, I do know a fact when I encounter it, and that Paine's celery compound helped me and gave me a feeling of new strength is a fact."

ENRIQUE GUERRA.

As spring comes on, most and many men who have lived hot hours: lives during the winter, find themselves unduly fretful, unable to sleep sound, without appetite, easily tired, frequently distressed by headaches, and lacking "snap" and strength—the result of poor blood and weak nerves.

To those in this condition, the thousands of testimonials from people like Mr. Guerra who have been benefited by Paine's celery compound, should be reason enough for giving this best of all spring medicines at least a trial. What it has done for others, it will do for the reader. It will purify the blood, clear the complexion, rejuvenate the exhausted nervous system, insure good digestion, bring on healthy sleep, and restore one's strength and vitality.

No other medicine in the world ever accomplished so much, and a single trial will add another to the long list of people in every community who greatly sound the praises of Paine's celery compound.

FROM THE PHILIPPINES.

A Young Soldier Writes of His Experiences on the Battle Field.

John A. Goodale has received a letter from his nephew, John Goodale, jr., who has been in the Philippines since March 4. He enlisted here last December and became a member of Co. C, 24th U. S. Infantry. He has been on the firing line almost all the time since he reached Manila. His letter is dated April 2, and in part is as follows:

"Well Uncle, as we have have just returned from twenty days hard field fighting and no rest and have orders to go out again in two days, I have been thinking how good you and aunt had been to me. I should have written sooner but did not have a chance."

"I have been in all the fights since we landed March 4th and have had some close shaves. The bullets flying all around me. I tell you it makes your hair stand on end, but these n-groes here can't fight. If they would only make a stand we would kill all of them. The way it is we make a charge on them and then they run and then we give it to them just like shooting rabbits but there are so many of them when one is killed there are three ready to pick up his rifle. We were in the capture of Molola yesterday the capital of the island. I have got that little box full of relics that I found in the houses that were burned."

"At the Pasig river fight we had just got up and they opened fire on us from across the river and we could not get at them. I had 100 shells in my belt and when I quit I only had 29 and my rifle was so hot I could not touch the barrel and the fight only lasted about 15 or 20 minutes. Say, if some of those tin soldiers that run around Seymour and talk so much were over here then they would know how the bullets sing 'Home Sweet Home.' But we live high in the field. We have chicken, pork, goat, duck, turkey and there was a brewery in Mololos but of course we did not touch that."

"Well, as it is about time for tape to show I will have to close, but will first give you the price we pay for some article here in United States money. Oranges sell at 5 cents a dozen, bananas 25 cents a bunch, coconuts, 1 cent each, pineapples 5 cents, pint bottle of beer 25 cents, American whiskey \$1.00 to \$1.75 a pint. Write me soon and tell me all the news for there is no news here but war till it makes one sick."

Manila, P. I.

Surprise Commencement.

The twelfth annual commencement of the Hamilton township public schools was held in the Methodist church at Surprise Tuesday evening May 11.

The stage was well arranged and decorated. The very impressive motto "Not for Today But for Life We Build," was artfully lettered and suspended above the front of the stage. Promptly at 7:30 o'clock the ten graduates headed by Supt. J. E. Payne and Trustee E. R. White, marched into the room and arranged themselves upon the platform. The invocation was then offered by Rev. Jacob White. "Beginning Right," was ably discussed by Fannie E. Top. She showed the value of a right beginning and the deplorable end of a wrong one.

The next oration was by Edna Isaacs. "The Value of Knowledge." The subject had been well considered and plainly showed the value of knowledge to the common man of every day life as well as to the pursuers of the higher vocations.

Paul Holmes' declamation, "What Shall the Harvest Be?" was given very impressively. It contained many points which the young should stop to consider when broadcasting their seed for the harvest, which they must some day reap be it lilies or thorns. Grace Rust vividly pictured the steps taken by some of our "American Ideals" how they passed from "gutter" to fame. Surely no boy or girl who heard the oration could pass it by without being inspired to higher aims.

Riley Roberts very masterfully discussed "What a Young Man Owes to the State." Riley is a very shrewd observer and showed without any ornamented display that the young man owes to the state.

Rheumatism

is a disease of the blood. Local applications may furnish temporary relief, but to CURE the disease it is necessary to treat it through the blood.

Locomotor Ataxia

is a disease of the nerves. The one successful method of treatment is by a remedy that will restore nutrition to the nerves. Such a remedy is

Dr. Williams' Pink Pills for Pale People

These pills are a specific in cases of Rheumatism, Locomotor Ataxia, Paralysis, and other diseases of the blood and nerves, because they supply the necessary elements to build up the blood and strengthen the nerves. It is in this way that the pills effect so many cures in diseases of apparently widely different character.

Frank Long, who lives near Lennon, Mich., says: "On starting to get up from the dinner table, I was taken with a pain in my back. The pain increased and I was obliged to take to my bed. The physician pronounced my case muscular rheumatism accompanied by lumbago. 'My disease gradually became worse until I thought that death would be welcome release from my sufferings.'"

"I was finally induced to try Dr. Williams' Pink Pills for Pale People. I took the pills according to directions and soon began to notice an improvement in my condition. Before the first box was used I could get about the house, and after using five boxes was entirely cured. 'Since that time I have felt no return of the rheumatic pains. Am confident that Dr. Williams' Pink Pills saved my life and I try to induce my friends who are sick to try the same remedy. I will gladly answer inquiries concerning my sickness and wonderful cure, provided stamp is enclosed for reply.'"

SWORN to before me at Venice, Mich., this 15th day of April, 1898.
G. E. GOLDSMITH, Justice of the Peace.

Edwin R. Tripp, Postmaster of Middlefield Centre, N. Y., said: "In March, 1892, I was attacked by what afterwards learned was locomotor ataxia. Two skillful doctors did everything they could for me. I steadily became worse. Was unable to dress myself."

"Later I could not move even about the room, but was carried in my chair. I gave up hope. The doctors gave me no encouragement. I did not expect to live very long. I was more helpless than a baby."

"In June the tide turned. 'The turning point was a newspaper article. 'It told how a man, who suffered as I had suffered, had been cured by Dr. Williams' Pink Pills for Pale People.'"

"It gave me faith and hope. I took two boxes of the pills, then four more boxes."

"My gain was steady; my return to health was a source of daily gratification."

"In all I took eighteen boxes of the pills before I was entirely well. At first I paid 50 cents a box, but afterwards I saved money by getting six boxes at a time, paying \$2.50."

"I owe my cure entirely to Dr. Williams' Pink Pills for Pale People." Subscribed and sworn to before me.
HOMER HANNA, Notary Public.

The blood and nerves rule the whole body. Dr. Williams' Pink Pills for Pale People are the best blood builder and nerve tonic. But be sure you get the genuine. Substitutes never cured anybody. All druggists sell Dr. Williams' Pink Pills for Pale People, or the remedy will be sent postpaid on receipt of price, 50 cents a box, or six boxes for \$2.50, by addressing Dr. Williams Medicine Company, Schenectady, N. WINE OF CARDUI

A LITTLE DOES MUCH.

BOONE, IOWA, Dec. 14.
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.
MRS. GRACE LAMPHERE.

Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made-to-day for the cure of "female troubles".

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises, and burns, for which, for which it is unequalled. Who is to Blame?

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys.

If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when should be able to control the passage, and it is yet afflicted with bed wetting, depend upon it, the CAUSE of the difficulty is kidney trouble, and the first step should be towards treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

If the adult has rheumatism; pain or dull ache in the back; if the water passes in irregular quantities; or at irregular intervals or has a bad odor; if it stains the linen or vessel the color of rust; if the feet swell; if there are puffy or dark circles under the eyes; your kidneys are the cause and need doctoring. Treatment of some diseases may be delayed without danger, not so with kidney disease.

Dr. Kilmer's Swamp Root, the great kidney, liver and bladder remedy promptly cures the most distressing cases. Its mild and extraordinary effect is soon realized. Sold by druggists in fifty-cent and dollar sizes. You may have a sample bottle and pamphlet telling all about it sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. A FUND FOR DEWEY

New York Times Suggests a Substantial Recognition of His Services.

NO MILLIONAIRE AFFAIR

But a Genuine National Testimonial. Appeal to the Public Through Various Publications Suggested—Believed That \$250,000 Could Easily Be Raised and Placed on Deposit.

New York, May 13.—The New York Times, in an editorial, entitled "What Shall We Do For Dewey?" says: "What shall we do for the man who has done so much for us? That is the question which has for a long time been agitating the American people. It is quite true that, according to our precedents, we have not been niggardly in recognition of the great services of 'Commodore' Dewey, as he was a year ago. But there is a persistent and prevailing feeling that we ought to do more; that the American nation, in some unofficial and spontaneous way, should recognize the services of Dewey as the British nation officially recognized the services of Wellington, when it presented him with the estate of Stratfield. Evidently it will not do to make any 'exclusive' acknowledgement of the services of an American hero to whom all Americans feel equal grateful.

"Evidently it will not do to exclude from the national testimonial to the admiral any American citizen who desires to bear his part in it. Why not appeal directly to the public through its immediate organs and agents, the newspapers which get their living by representing sentiments? There are some 20,000 periodicals in the United States which are entitled to transmission as such through the mails. Among them are 2,119 daily papers, which represent, most immediately and most accurately, the sentiment of the United States. Let us assume that only one-fourth of these are in a position to act as collecting and distributing agents for a national Dewey testimonial and that each one of these 500 is willing to pledge itself to the collection from its readers and the transmission, to the appointed trustees, of the sum of \$500 for that fund. Surely this estimate is moderate enough, and surely the amount of each individual subscription, which must strictly be fixed and limited, is moderate enough to prevent any newspaper from exploiting the admiral for the purpose of advertising itself. And yet the aggregate of these subscriptions would be \$250,000. Half of this should go to the erection of a residence for the admiral in whatever place in the United States he might prefer to put it and the other half for his personal use.

"This would be a truly national and popular subscription. The admiral would not be at liberty to refuse it, since it would not be the creation of an obligation on his part, but only the recognition of an obligation on the part of the nation. He would not be able to refuse it if the whole amount were deposited, as it could and should be deposited, subject to his order, before his arrival upon his native shores.

"The president of the United States, the secretary of state, and the secretary of the treasury would be appropriate custodians of the fund, and their willingness to assume its custody may be taken for granted."

DEWEY'S HEALTH. Cablegram Received From Him Indicates It Is Not the Best.

Chicago, May 13.—Judging from a cablegram received yesterday from Admiral Dewey his health, despite medical assurance to the contrary, is none of the best.

No joy or pleasure on this earth quite equals that which comes into the home when a baby arrives. Who can describe the happiness of man and woman, joined in wedlock, as they look upon the fragile, delicate mite that is blood of their blood

and flesh of their flesh? And who can depict the hopelessness and dejection that hover about the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organs. Many of the common ailments known as "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

Mrs. James W. Blacker, of 629 Catherine St., Syracuse, N. Y., writes: "Your medicine have done wonders for me. For years my health was very poor. I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' I have much better health, and now I have a fine healthy baby."

best, and to this fact is due his probable return by way of the Suez canal instead of the Pacific coast route. The message is as follows: Illinois Manufacturers' Association: Many thanks. Impossible to accept invitation now. Condition of health necessitates rest and quiet. DEWEY. The cablegram was in reply to one sent by the association asking the admiral to become its guest upon his return to this country and strongly urging upon him the advisability of coming by way of San Francisco across the continent.

ST. LOUIS

Wants a Southern and Northern Veterans' Reunion in That City. St. Louis, May 13.—A movement is on foot to have southern and northern veterans of the civil war hold a general reunion in this city some time, to be decided on later. It is also suggested that the Sons of Veterans of both the north and south also meet here at the same time.

To that end George Dolton, commanding the Comrades of the Battlefield, wrote on March 11 to the mayors of Philadelphia, Chicago, New York, Boston and Cincinnati, suggesting that they put this movement on foot in their cities. General J. B. Gordon, commander of the confederate veterans, was written regarding the matter and replied that he strongly favored it.

As yet only one mayor, that of Philadelphia, he replied to Mr. Dolton's letter, favoring the plan. Lull Only Temporary. London, May 13.—The Saturday Review claims to have particular information to the effect that the present lull in Spain will be short-lived, and that Don Carlos will soon submit his fortunes to a final issue.

SERIOUS WRECK

Express and Excursion Trains Collide—Twenty-Five Killed.

Reading, Pa., May 13.—About 10 o'clock last night a collision occurred on the Philadelphia and Reading railroad at Exeter Station, six miles below Reading, between an express and an excursion train. Twenty-five people were killed and 50 injured. United States Senator Boise Penrose was a passenger on the Pullman car of the express. The rear-end of the car was crushed, but the senator, though badly shaken up, was uninjured.

HAVANA NEWS

Investigating Bandit Raids—Difficulty in Securing Evidence.

Havana, May 13.—The official inquiry into the recent bandit raid at Caimate, where two men were killed, has been completed. It appears that a Cuban general, whose name the authorities decline to disclose at present, had expressed a desire a few days before the raid to billet 25 of his men on the village. But the townspeople protested, threatening to inform the Americans, and the general concerned is supposed to have instigated the raid as a punishment and example to other villages afflicted by having to quarter Cuban soldiers. Governor General Brooke's agents had considerable difficulty in getting at the facts of the case, owing to the timidity of those who knew them, and the testimony is even yet insufficient to form the basis of a prosecution.

The detectives found 450 Mausers, 900 Remingtons, 40 Winchester and 300,000 cartridges yesterday in the hardware store of Enrique Guerau, who holds a letter from Major General Ludlow, dated in February last, authorizing him to handle "sporting arms."

The authorities consider the number found excessive, and the detectives say the same concern has purchased quantities of arms stored at Cienfuegos. The theory is that possibly Guerau's establishment is one source of supply looked to by purchasers of arms of Colombia. The extraordinary heavy proportion of meat, the fewness of vegetables and the absence of fruit make the army ration not the most suitable tropical diet. The company cooks by commutment part of the ration and buying other things are doing fairly well, but army officers recognize that the statutory ration can be and should be improved.

General Brooke has appointed a board, composed of Colonel Haskin, Chief Surgeon O'Reilly and Chief Commissary Smith, to meet next Monday for an inquiry into the matter, with instructions to report as soon as practicable.

El Independiente complains of the severity of what it calls "legislation by decree," asserting that the people are those most interested in the administration and that the advice of their representatives should be asked before important steps are taken. As it is now, Cubans get their first knowledge through decrees of action affecting frequently millions of dollars.

Visiting Natural Bridge.

Hot Springs, Va., May 13.—The presidential party broke its visit here this morning by a trip to Natural Bridge, Va. The president rested quietly yesterday, only taking a walk about the roadways with Secretary Gage. Official business has been very light, the signing of some commissions for postmasters and army promotions being the extent of these duties.

Officiated at a London Function. London, May 13.—Mrs. Joseph Choate, wife of United States Ambassador Choate, officiated for the first time at a public function yesterday afternoon, opening the amateur art exhibition at Cromwell House in the presence of a distinguished company. The exhibitors include many people prominent in society. The proceeds will be devoted to charity.

ROSWELL P. FLOWER

Death of the Former Governor of New York Late Last Night.

New York, May 13.—Former Governor Roswell P. Flower died last night at 10:30 at the Eastport Country club at Eastport, L. I.

Mr. Flower was taken ill early in the day with a severe attack of acute indigestion. In the afternoon symptoms of heart failure supervened and he grew steadily worse until the time of his death. The attack of heart failure was

accompanied by a fainting spell and Mr. Flower's family in New York were quickly notified. Mrs. Flower and the former governor's nephew, Frederick S. Flower, accompanied by Dr. Thomas H. Allen, Mr. Flower's physician, left on a special train for Eastport. When they arrived there Mr. Flower had somewhat recovered, but later the attack of heart failure was marked, and Mr. Flower became unconscious an hour or more before his death.

Roswell Pettibone Flower was born in Theresa, Jefferson county, N. Y., Aug. 7, 1833. Mr. Flower always was a Democrat. In the early 70s he helped Samuel J. Tilden to develop the famous organization which exposed Tweed, and enjoyed many other triumphs.

Mr. Flower was chosen chairman of the Democratic state committee in 1877, and in 1881 he defeated William Waldorf Astor for congress, after a hot campaign. In the Eleventh district. His majority was 3,100, while Levi P. Morton, Republican, had carried it at the last previous election by more than 7,000 votes. He refused a renomination. He was elected governor of the state in 1891.

Mr. Flower married Sarah M. Woodruff of Watertown Dec. 26, 1859. Three children were born, of whom only one survives.

BOLD ROBBERY

One of the Thieves Killed and Others Were Captured.

Bryan, O., May 13.—A bold daylight robbery occurred here last yesterday. Three tramps entered the living apartments in the rear of W. H. Riley's harness shop while two others emptied the safe in the office of about \$50. They were discovered and the authorities overtook them a short distance out of town, but they refused to surrender, and a fight ensued. Marshal Heidley fired at one of the men with the intention of disabling him, but his aim was too true, the bullet lodging in the robber's head, killing him instantly. The other robbers were captured and brought back to town.

Gold Democrat Appointed.

Washington, May 13.—Director of the Census Merriam, at the request of President McKinley, will appoint General Americus V. Rice of Lima, O., purchasing agent of the census bureau. General Rice is a Gold Democrat, and for four years was pension agent at Columbus, retiring two years ago.

Wages Increased.

Pittsburg, May 13.—Puddlers who are members of the Amalgamated Association of Iron, Steel and Tin workers will receive during May and June an advance of 25 cents per ton over the wages they have been receiving. Finishers and hoop mill workers will receive an advance of 2 per cent.

HEADACHE

is only a symptom—not a disease. So are Backache, Nervousness, Dizziness and the Blues. They all come from an unhealthy state of the menstrual organs. If you suffer from any of these symptoms—if you feel tired and languid in the morning and wish you could lie in bed another hour or two—if there is a bad taste in the mouth, and no appetite—if there is pain in the side, back or abdomen—BRADFIELD'S FEMALE REGULATOR will bring about a sure cure. The doctor may call your trouble some high-sounding Latin name, but never mind the name. The trouble is in the menstrual organs, and Bradfield's Female Regulator will restore you to health and regulate the menses like clockwork.

Sold by druggists for a bottle. A free illustrated book will be sent to any woman if request be mailed to THE BRADFIELD REGULATOR CO. ATLANTA, GA.

EXTRA SESSION TALK

Decided Opposition From Those Opposed to Financial Legislation.

REFORMERS OF CURRENCY

Are Thought to Be Asking Too Much in Urging an Early Meeting of Congress—Don't Want the Administration's Philippine Policy Retarded by Debate.

Washington, May 13.—There is a decided opposition to an extra session among those who are opposed to financial legislation. The efforts of the Indianapolis monetary commission for an early session have aroused considerable antagonism among western men. This is not because the president's recommendations are not favored in the west, but for the reason that the Indianapolis currency reformers are thought to be asking too much. It is argued that their anxiety for advanced currency reform will precipitate the silver question on congress with annoying results in many districts, and that it will be better to avoid the hastening of this exciting controversy.

Another element is opposed to having the operations of the administration embarrassed by interference in the Philippine campaign and in the pacification of Cuba. When congress meets a conflict is looked for between the expansionists and antiexpansionists, and the subjugation of the Filipinos will, it is said, be retarded instead of aided by the congressional debates.

Announcements that an agreement has been reached on the date of the extra session of congress are mere guesswork. The president does not know when he will call the Fifty-sixth congress in extraordinary session. Consequently no one else can have knowledge on the subject. President McKinley has talked with several congressmen in a way to make them understand he intended to convene congress earlier than the constitutional date of assembling. He based his intention on the need of financial legislation, on the necessity for consideration of the Philippine situation and on the necessity of making up for the delay in electing a speaker and the arrangement of house committees.

PLEA FOR MATAAFA

Late Municipal Magistrate Sends a Brief to Washington on Samoa.

Washington, May 13.—A special plea for the cause of Mataafa has been received at the embassies in Washington interested in the Samoan question from a rather peculiar source, namely William Cooper, late municipal magistrate of Apia, and a person believed to be a British subject living in Auckland, N. Z. Mr. Cooper's brief, which is printed, presents not only the law in the case of the king's succession, but also shows an intimate acquaintance with the people and customs of Samoa. Mr. Cooper regards the situation as one of extreme gravity. He says that the powers have to deal with this dilemma:

That if they undertake to enforce the decision of Chief Justice Chambers seating Tannu, all previous scenes of bloodshed will be eclipsed, while if they fail to enforce the decision the court will be flooded with impunity.

Mr. Cooper's brief refers to the pledge given by Mataafa upon his return not to interfere in the government, and also to his intimate relations with the German government. He says the present situation is insufferable and there must be extensive modifications of the treaty, in view of the fact that annexation of the islands by any one of the powers is improbable.

ADMIRAL WATSON

Sails Next Week to Take Command of the Fleet at Manila.

Washington, May 13.—Admiral Watson will sail from San Francisco next Tuesday as a passenger on one of the regular Pacific mail steamships, but cannot possibly reach Manila before the middle of June. Orders have been issued placing Captain A. S. Barker in command of the Asiatic squadron after Admiral Dewey's departure from Manila, which is expected to take place in a few days, until relieved by Admiral Watson. Captain Barker is now in command of the battleship Oregon, and next to Admiral Dewey is the senior officer of the station. He is an officer of ability and discretion, has served as assistant chief of bureau of navigation and was a member of the strategy board during the Spanish war.

At the close of the war he relieved Captain Clark of the command of the battleship Oregon and took that magnificent warship from New York around the horn to Balboa, Peru, and hence by way of Honolulu to Manila, where she arrived several weeks ago. As soon as relieved by Admiral Watson, Captain Barker will return to America.

Memorial Day.

Washington, May 13.—The war department has issued the usual order providing for the observance by the army of Memorial Day—May 30—at all army posts and stations, by the display of flags at half mast, a national salute and musical programme.

Can Sell on Sunday.

Washington, May 13.—Judge Kimball decided yesterday that the sale of liquors on Sunday in Washington hotels was legal under the act of 1893, which he holds was not repealed by the last law passed by the congress prohibiting such sale.

MRS. GRAY TESTIFIES

In Behalf of Her Husband in the Murder Trial at Bloomfield.

A HUNGARIAN WEDDING

Feast at Which 115 Chickens, Twenty-Five Hams and Seven Barrels of Beer Are Consumed—James P. Crawford Dead—Totally Deaf, Dumb and Blind as a Result of Fever.

Bloomfield, Ind., May 13.—In the Dr. Gray murder trial yesterday the wife of the defendant was called to the stand.

In her testimony she referred to a conversation with the late Malissa Skinner, in which the Skinner woman was charged with hugging and kissing the defendant before he made any advances to her, which she did not deny. The witness found many notes written by her to the defendant, which were introduced and identified. She had known of the illicit relations existing between the Skinner woman and her husband since February, 1897. The witness detailed a conversation with the defendant in which he told her of his intense love for the Skinner woman, and his relations with her, and she also testified of his promises to break off and reform at the first opportunity. She also testified concerning his melancholy disposition and despondent acts, and that he suffered from insomnia. Various instances of strange conduct on part of the defendant were detailed by the witness, as occurring on the night preceding the tragedy. He was a habitual cigarette smoker.

SLEPT IN A BARN

An Old Soldier Nearly Killed by a Horse.

Huntington, Ind., May 13.—An aged man, wearing a blue uniform, appeared at Harter's livery barn and asked if he could sleep in the barn. He gave his name as Ira A. Goodrich, and belonged at the Soldiers' home at Marion. During the night one of the horses in the barn broke its fastenings and wandered around to the stall where the old man was asleep and nearly killed Goodrich. He walked all over him, knocked out several of his teeth, cut a great gash in his head, and also inflicted serious injuries by stepping upon his chest. He was sent to the Soldiers' home yesterday.

HUNGARIAN WEDDING.

The Guests Surely Got Enough to Eat and Drink.

South Bend, Ind., May 13.—At a wedding celebration given here by a Hungarian named Nowach, there were eaten 115 chickens, 25 large hams, two good sized calves, with bread, salads, etc., to correspond. Seven and one-half barrels of beer and great quantities of wine were also served. A Hungarian orchestra from Chicago was in attendance, and dancing continued until well into the day following the wedding.

BRIEF MENTION

M. Henri Beque, the dramatic author of Paris, is dead, aged 63 years. The annual meeting of the Southern Grain association will be held in St. Louis next week.

About 300 coalheavers have struck at Buffalo, in sympathy, as they say, with the grainshovelers.

Baltimore has sent Admiral Dewey an invitation to become the guest of that city on his return home.

An accident at a colliery at Centrailla, Pa., resulted in the death of four men and fatal injury of two others.

An effort is being made to induce Mayor Jones of Toledo to head the Union Reform ticket for governor of Ohio.

The strike of the ore shovelers at Conneaut, O., has been settled, the foreigners returning to work on old terms.

The Empire Steel and Iron company of Cincinnati has secured all of what are known as the Potts Valley (Va.) coal properties, including 1,000 acres of coal land.

Louisville was chosen as the place for the next meeting of the United Confederate Veterans. General John B. Gordon was re-elected commander-in-chief and all other officers were re-elected.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

SATURDAY, MAY 13, 1899.

The home coming of Dewey will fur-
nish an occasion for the American
people to show their love for a real
hero.

Home merchants, home manu-
facturers, home people should be first with
all who want to be loyal to their home
city.

The democrats muster up courage
sufficient during these prosperous times
to occasionally say that the republican
party is responsible for trusts. While
the party is not responsible for these
trusts, being opposed to them in fact, it
is true that there was not much of any-
thing going on during recent demo-
cratic administrations.

It is said that the County Officers'
Association will attack the validity of
the new law creating county councils
and township advisory boards. If this
is done it will materially add to the
popularity of the reform measures.
There is a general desire to see these
laws put into effect, and we hope noth-
ing will prevent it.—Greensburg Stand-
ard.

EDWARD AKKINSON whose seditious
pamphlets were thrown out of the
United States mails at San Francisco,
thinks he has been shamefully treated.
History records the fact that during
the civil war one Clement Vallandigham
of Ohio was escorted through the
Union line that he might go to his
friends in the south. Since the conduct
of Atkinson is of the same character
as that of Vallandigham, he should
be escorted to the Philippine islands
and passed through the American lines
that he may go to his friends, the fol-
lowers of Aguinaldo.—Franklin Re-
publican.

DIED.

of Robbins died at the home of his

lonia today to visit the former's father,
Frank Royker.

Annual Meeting of Bachelor Girls

Last evening the people on South
Walnut street heard sounds of music
and laughter proceeding from a wagon-
ette load of young women. These were
the Bachelor Girls on their way to their
annual meeting at the home of Miss
Emma White, south of Seymour.

As Cupid had been making such in-
roads on their number they deemed it
wise not to invite the young men, as
has formerly been their custom, so, to
insure safety, they were chaperoned by
one whom they all claim as 'Auntie.'

They were received and entertained
by Miss White in her own inimitable
manner. The rooms were decorated
with a profusion of flowers, the pre-
vailing colors being white and yellow.
Dainty refreshments were served and
after a very pleasant evening, the girls
returned to their homes agreeing that
all former meetings were far surpassed
by this one.

A Seymour Musical Composer.

It has not been generally known that
we have a musical composer of real
ability here in Seymour but such is the
case. Will B. Morrison has published
and has on sale two musical composi-
tions of his own, which have much
more than ordinary merit. A concert
waltz "Dance of the Sun Rays" and a
ballad, "Grant for Me this Little Favor"
are already finding favor with musi-
cians.

VISIT WINONA LAKE.

An Attractive Summer Haven for Rest
Recreation and Entertainment.

Winona Lake, Indiana, on the Pennsylv-
ania Lines, is an attractive summer haven for
persons who may desire to combine devotion,
entertainment and instruction with rest and
recreation. This lake is a beautiful sheet of
water nearly two miles long, surrounded by
romantic woodland, which has been improved
into a grand summer resort with all the com-
forts and conveniences for a delightful so-
journ. The entrance to the grounds adjoins
the pretty station of Winona Lake on the
Fort Wayne Route.

As the site of Winona Assembly and Sum-
mer School, this resort is visited each summer
by many people who are invigorated in both
mind and body by the instructive entertain-
ment and health giving recreation for which
Winona is famous. The educational work of
the summer school is under the supervision
of prominent instructors. Fine facilities for
athletic pastimes are provided, and the col-
lege halls and large auditorium are amply
equipped for interesting work. The boating
bathing and fishing are excellent. The per-
manent buildings include many cozy cottages
where accommodations may be secured at
reasonable rates. There is also a large hotel,
and provision for camping out for those who
may enjoy tent life. Supplies are obtainable
at the large store on the grounds.

The season of 1899 will open May 15th, com-
mencing on that date excursion tickets with
fifteen days limit will be on sale via Pennsylv-
ania Lines. They may be obtained during
May, June, July and August. The sale of
season excursion tickets will also begin May
15th, and continue daily until September 15th.

EXCURSION TO THE SEASHORE.

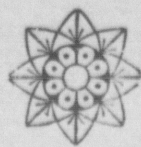

Midsummer Outing Trip to the Ocean via
Pennsylvania Lines.

Persons in quest of a delightful haven at
which to spend their summer vacation will be
interested in the announcement that special
excursions to the seashore will be run over
Pennsylvania Lines Thursday, August 10th.

During the past two seasons low rate ex-
cursions over this direct through route to the
ocean, carried many happy people from
points in Indiana and Ohio to ten of the most
attractive seaside resorts on the Atlantic
Coast, viz: Atlantic City, Cape May, Anglin-
sea, Avalon, Holly Beach, Ocean City, Sea
Isle City, Wildwood, New Jersey, Rehoboth,
Del., and Ocean City, Md.

The excursions for the summer of 1899 will
again afford opportunity to enjoy refreshing
ocean bathing and sailing, the invigorating
sea air, and the joys of attractions for
which the seaside is famous.
Excursion tickets will be sold to the ten
charming resorts mentioned. It will be an
excellent chance for a pleasure trip to the
sea. The time, midsummer, is the season for
outings, and the places are particularly rich
in attractions for the summer idler. The fare
will be exceptionally low, and the return
limit privileges will cover the customary ten
days' vacation. Anyone wishing to partici-
pate in this highly enjoyable trip to the sea-
shore may arrange to do so by consulting O.
B. Sappington, ticket agent, Seymour, Ind., or
by communicating with W. W. RICHARDSON,
District Passenger Agent, Indianapolis, Ind.

Harding's Auction.

Mr. Harding does not intend to close out his business here but has arranged for partnership business and he wishes to reduce the large stock which has steadily grown during his many years of business. Mr. Martin comes highly commended as an auctioneer with large experience in legitimate stock reducing sales, and Seymour people will find this a rare opportunity to secure silverware and jewelry at auction prices. According to General Joseph Wheeler, the custom of setting apart a day for decorating the soldiers' graves had its origin among the women of his own State of Alabama. Unlike the men they would not permit their dead "quietly to become a part of general history." Under the title, "The Memory of Our Fighting Men," General Wheeler contributes to The Saturday Evening Post of May 27 a strong paper on the history and significance of Memorial Day. General Gobin, of the G. A. R., also treats a similar topic, but from a differing point of view.

Oh, the story and the glory of the fallen of the fight! Does the clamor of the captives reach their ranks all ghostly white? Nay—they rest with rusting blades. All the glory-starred brigades. And the peace of God is on them in the splendor of the light.

\$400 Specifications.

As the REPUBLICAN stated Frank B. Rea, the consulting engineer employed to make plans and specifications for an electric light plant arrived last evening to submit his work. At the request of the special committee the council was called in special session last night to hear the plans and specifications read and to adopt same. They covered about eighty type written pages and the reading consumed about three hours. The work of Mr. Rea was approved and the plans and specifications were adopted, and the clerk ordered by resolution to issue an order for \$400 in favor of Mr. Rea, which was the amount he charged for his work up to date.

The estimated cost of a plant according to the plans and specifications made is placed at \$38,000.

Uniform Bookkeeping.

The blank forms for accounts for township trustees, which Auditor Hart is required to prepare by law, have been approved and will be out the first of the week. They will be sent to all houses which furnish blanks and books to township officers. Suggestions were received from about fifty trustees in response to a letter from the auditor, and many of these suggestions have been embodied in the forms prescribed. The forms for the county officers will be out about June 1 and a uniform system of bookkeeping will then be in force in the county and township business throughout the State.

An Editor in Trouble.

Jennings, editor of the Searchlight, was arrested and locked in jail, charged with drunkenness, carrying concealed weapons, assault, and wife beating, that he whipped his wife three times during the day. He was placed in jail twice during the day.

Judgment Reversed.

A judgment for \$500, recovered by J. N. Marsh, editor of the Columbus Times, against the Pullman Palace Car Company, has been reversed by the appellate court. The suit grew out of the refusal of the Pullman conductor to honor tickets for Mr. and Mrs. Marsh and their son on the editorial trip of the Southern Indiana Press Association to the Nashville exposition.
